CITY GOVERNMENT

ORGANIZATION OF CITY GOVERNMENT

Tuesday, January 7, 1930.

The members of the city government for the municipal year of 1930, having met for organization, agreeably to the provisions of the city charter, the convention was called to order by Hon. William H. Watson, at ten o'clock in the forenoon.

Hon. William H. Watson made the announcement that, Forrest L. Carey having been notified of his election to the office of mayor for the current municipal term, was present for the purpose of taking the oath of office. The oath of office was administered by Hon. William H. Watson, who introduced the Mayor to the aldermen and councilmen elect and to the citizens present.

After roll-call by the clerk, Mayor Carey administered the oath of office to the following named members of the board of aldermen and councilmen, to wit:

BOARD OF ALDERMEN

Ward 1.—Paul H. Joy.
Ward 2.—Paul D. Minnick.
Ward 3.—Cowling Hilton.
Ward 4.—Earl B. Spaulding.
Ward 5.—John H. Kennedy.

BOARD OF COMMON COUNCIL

Ward 1.—George F. Knowlton.
Emile Grube.
Howard W. Kirk.

Ward 2.—Walter L. Moore.
Nathan C. Sibley.
Holland S. Wheeler.

Ward 3.—Earl W. Little.
William F. Barrett.
Leston M. Barrett.

Ward 4.—Frederick D. Mitchell.
Robert D. Nims.
Reginald F. Howe.

Ward 5.—Harry L. Wellman.
Thomas F. Guinnane.
Laurent L. Gregoire.

Prayer was offered by the Rev. Charles M. Tibbetts.

After the prayer Mayor Carey delivered his inaugural address. Frank H. Whitcomb was elected city clerk and Charles S. Wright city messenger, and the councils then adjourned until 7.30 o'clock, for the transaction of general business.

The common council organized by the choice of Nathan C. Sibley as president and Harry E. Gale, clerk.

THE MAYOR'S ADDRESS

Members of the City Councils and Fellow Citizens:

The beginning of another year has come and we are confronted with nearly the same tasks that faced us last year. With the confidence that was manifested in us by the good people of Keene to carry on, we are duty bound to exercise our best judgment gained by experience in the past in the conduct of their affairs in the future. If we are not capable of serving our city better in the future than we have in the past, we are not worthy of their trust.

I regret that Dr. Barnard and Mr. Pratt did not choose to stay with us, but we welcome to our official family two new members, Holland Wheeler and Reginald Howe.

Members of the city government, the past year has been a source of pleasure to me. I have been comforted with the assurance from each and every member of this body that you have been conscious of your responsibility and duty. You have exercised due consideration and have given your best judgment on the questions which have come before us. If you have experienced a sense of satisfaction from the thanks of general public as to your decisions during the past year, that should help to guide you during the coming year. There has been a very generous co-operation between all the departments of our city. There have been excellent response to my request for a financial statement from each department at the end of each month, the most efficient ones being very prompt and not missing a statement during the year. This makes it very easy to keep in close touch with the financial condition of each department and is a benefit to the present financial system of our city.

FINANCE

One of the most difficult things in any city is a fair and just assessment of taxes. Nothing will create more discontent or litigation than feeling, whether well founded or not, that taxation is unfair and unjust. We have at this time six tax suits against our city, alleging excessive valuations as illegal, unjust and disproportional. Of course what has brought about present valuations as a whole is progress within the last few years, namely new school houses, pure water and permanent roads, joined with the natural increase in real estate value. In order to accomplish all these undertakings of a progressive city, and not overburden the small and willing taxpayers, the larger taxpayers should and must pay their proportional share. Each has an interest in the best welfare of the city, and so far as any taxpayer tries to evade his just share of tax, he is not contributing to those improvements which every city must have.

You will carefully study the recommendations of the finance committee for the year's budget that you may give every assistance possible to this important question of finance and taxation.

You are familiar with the process of financing our city's business, and it will not be necessary for me to explain to you, this year, the customary and legal procedure.

Municipalities are not allowed to accumulate sufficient funds to carry on, as in case of a private corporation, and we will from time to time have to borrow money in anticipation of this year's taxes, as usual. This behooves us to exercise the strictest business principles in carrying out our program economically. There is a demand every year upon every department in our city for greater amounts than are practicable. Herein lies the necessity of each one using his best judgment as to what portion of these demands shall be met during the year. We should give impartial service to the greatest number of our citizens and keep well within the bounds of our budget.

Owing to developments during the past twelve years our valuations and assessments have doubled. This does not indicate that our city is twice as large or twice as valuable as it was, but it does mean that we have made progress and obtained a higher standard of living which costs more and necessarily raises the valuation of property. These improvements are recent and of a permanent nature. This has necessitated not only the highest levy ever made but an amount well up to the top of cities of comparative size here in New England.

Citizens, this brings up a new problem that will confront us in the future. Taxation is considered by many as a burden. Certainly excessive taxation is a great burden to any sizable taxpayer and to others accordingly.

You are aware of conditions of the employers of labor throughout New England, but are more particularly interested in New Hampshire and especially in Keene. Competition has become so sharp that we will do well if we are able to keep up our present industrial capacity and make a reasonable healthy growth in the future. You well know that many of your industries here in Keene are here because of the cooperation of your entire city. These industries have given more even employment to workmen here than has been enjoyed in nearly any other community. They have been the cause of building many homes. Their payrolls are the industrial backbone of Keene. The question is, what is Keene going to do to protect the present and encourage future development? This is a real question for your consideration.

Use good judgment with your finances and your city will be judged accordingly.

HIGHWAYS

This year's program of our highway department changed quite suddenly last spring owing to the program laid out by the New Hampshire Highway department. The Chesterfield and Concord roads are designated as trunk lines and were

never improved. It was thought best to clean up these two main thoroughfares. Under the law governing rebuilding unimproved trunk lines, cities have to pay one half the cost. This project indebted your city to the amount of $72,417.73. These roads are now wholly state controlled and maintained. I might say for the benefit of any one not informed that when these cement roads are continued from where the city left off last year towards Gilsum, Marlow, Swanzey and Westmoreland, the city does not participate in the financing of them. I still heartily approve of the methods of Keene doing the road construction within its boundaries. It gives employment to all the surplus labor in this locality during the entire summer, and I am sure we are getting superior quality roads at no extra cost. Draining and cementing Water street has cleaned up permanently one of the most expensive streets to maintain in the city. It is a good example as to improvement and cost for future experience.

I would recommend that we reconstruct Vernon street this year. This street houses our fire department, and is too narrow and unsafe. There are several business houses located on this narrow thoroughfare in the heart of the city and if the police rules were enforced, there would be practically no value to business thereon. By carrying out a plan of the city engineer, this street will be made safe and the improvement will greatly enhance values to its property. There is a resolution carried over from last year to widen Court street and curb it. We should be able to finish up the job this season.

The West Surry road has been neglected for a number of years and should be rebuilt wholly or in part this year. There is some state financial aid available on this job.

Owing to the amount of extra work involved in permanent road construction during the past year, it has not been convenient to take care of many of the requests for small improvements. We should endeavor to catch up on these. The demands for cement sidewalks are increasing each year and are necessitating a large yearly expenditure.

FIRE DEPARTMENT

So far this department has been able to cope with the conflagrations very satisfactorily. The new fire foam generator purchased this year fortunately has not had an opportunity to demonstrate its capabilities. It is my opinion that we should not allow any more wholesale gasoline storage tanks to locate near the center of the city and in built up sections of the city. It would not be an imposition to ask that they be located a little out side.

In order to bring the efficiency of this department up to date and make it adequate to prevent a disastrous fire, we need a new motor pumper to take the place of the old fire engine. I understand that the price of one 750 gallon pumper will purchase two 500 gallon pumpers and there should be a thorough investigation as to which of these would best fill the requirements.

WATER WORKS, DRAINS AND SEWERS

This department has had a busy season reconstructing and putting in new work on many of our streets. Owing to the shortage of water this fall it became evident that we would have to draw on Goose pond for our supply.

The pipe connecting this supply with our system was a cement lined pipe laid over 60 years ago and had deteriorated to such an extent it was very often bursting and causing the department no little trouble and expense to keep it repaired. As the source of supply must be kept for emergency it was necessary to reconstruct the entire line from upper Court street to the reservoir.

With the development at Arlington, upper Court street and Belmont avenue there is a necessity of sewerage extension to these sections. These should be the major projects of this department this year.

POLICE DEPARTMENT

This department had the misfortune to lose its chief, William H. Philbrick, on February 26. He had given faithful service as head of the department for many years. Harry F. Buckminster, who has been an officer on the force for years, has been selected as chief. A Ford motor car has been bought for the use of the force, and it is hoped that this investment will lessen substantially the expense of the department in auto expense. A careful check should be made to determine this. There has been installed at the head of Main street a robot system to handle traffic. This has been in operation for too short a period to forecast what will result in very heavy traffic, but its makers assure us that it will handle any traffic, and so far it has done so.

HEALTH DEPARTMENT

That this department is a necessity is best shown by referring to page 392 of the new city report which shows that a city kept clean and provided with pure water, milk and food, is very free from contagious diseases and other sickness.

The municipal collection of coal ashes is being discussed to some extent. This I believe would not give the relief desired and would involve quite an expense to the city.

PARKS

Too few people enjoy the wonderful parks Keene is blessed with. Each year your park commissioner has the roads trimmed and repaired making our parks easily accessible. I sometimes wonder if many people feel that our parks are private property and because they are clean and beautiful one may be trespassing. Certainly if every person in the city should visit our public parks often they would be exempliffying the good will of the donors, and would also encourage further development.

Robin Hood lake being so nicely located and easily access-

ible to most of our people, we made an attempt to create from it a municipal recreation pool. Its appreciation by the citizens and especially our children was shown by their patronage. If well supervised in the future it will be a great health and recreational asset to our city.

I would suggest that Reservoir street and the road around Robin Hood back to Roxbury street be named Robin Hood parkway and placed under the supervision of the highway department, as they are best equipped to keep same in good repair, for constant traffic.

CONCLUSION

Gentlemen, I want to thank every member of our city's government and every person connected with the management of our city's affairs, for your true cooperation, and in your behalf may I extend to the citizens of Keene our hearty appreciation of their acknowledgment of the services we have endeavored to give them. I wish more of the citizens would visit the meetings of our City government. They are always open to the public and you are always welcome.

Thank you.

ORDINANCES AND JOINT RESOLUTIONS

CITY OF KEENE

In the year of our Lord one thousand nine hundred and twenty-nine.

A JOINT RESOLUTION relative to conveyance of Goose Pond Land.

Resolved by the City Councils of the City of Keene, as follows:

That the Mayor be authorized to convey to the respective owners of the adjoining land any rights of the City of Keene in the strip of land used by it as the location of the old water main from City land at Goose Pond to the highway.

Passed Dec. 5, 1929.

June 13, 1929.

City of Keene, Keene, N. H.

Section one of the will of Omar P. Chase, late of Andover, Massachusetts, provides as follows:

"To the proprietors of the cemetery in Keene, N. H., commonly known and designated as the "Chase Cemetery" a sum not exceeding $500 for the construction of an iron entrance Arch, for the removal of underbrush from and upon the ground, for the purpose of beautifying the approach to said cemetery. The said bequest is only on condition that the said proprietors shall consent to the foregoing construction and improvements being made according to the directions of my cousin Charles Chase Sturtevant of Keene, N. H. and that the said proprietors shall name, designate and maintain forever that said cemetery under the name of "The Chase Cemetery".

I am ready to pay this legacy when accepted by the City Councils.

FREDERIC S. BOUTWELL.

A JOINT RESOLUTION relating to North Cemetery.

Resolved by the City Councils of the City of Keene, as follows:

That the City of Keene, by its councils, hereby accepts the Omar P. Chase bequest of Five Hundred Dollars. Said bequest is to be used to erect an iron arch at the entrance of the North Cemetery, to remove the under brush and to beautify the approach to said cemetery. Said bequest is given on condition that the city act in substantial compliance with the terms of the bequest, and according to law.

The above named improvements are to be made by the Mayor and Joint Standing Committee on Burial Grounds according to the directions of the Estate of Charles Chase Sturtevant.

Passed Dec. 19, 1929.

AN ORDINANCE amending the ordinance relative to traffic regulation.

Be it ordained by the City Councils of the City of Keene, as follows:

Amend Chapter 18, Revised Ordinances, 1924, by striking out Section 1, Article 5, and inserting in place thereof the following new section:

Section 1. No vehicle shall stand in any one place on any public way for more than twenty (20) minutes at any one time, for the purpose of selling goods; wares or merchandise; for

soliciting passengers; teaming or trucking except as may be permitted by special rules or regulations made by the board of mayor and aldermen under authority of this chapter.

Amend Chapter 18, Revised Ordinances, 1924, by striking out Sections 8, 10,11, and 12, Article 4, and inserting in place thereof the following new sections:

Section 8. No vehicle shall pass a buss while stopped to discharge or take on passengers, except at a distance of eight feet, and then only at a speed not exceeding ten miles an hour.

Section 10. No vehicle shall be left standing in the retail business section of the city an unreasonable length of time. It shall be deemed unreasonable if a vehicle is left standing for more than two hours at any time between the hours of eight A. M. and eight P. M., along the curb on the following streets: Main Street from Emerald Street and Eagle Court to Central Square; on Central Square; or Court Street from Central Square to Vernon Streets; or Washington Street from Central Square to Vernon Street; on West Street from Central Square to St. James Street; on Roxbury Street from Central Square to the I. O. O. F. Building; on Church Street from Main Street to Wells Street; and on Railroad Street from Main Street to Wells Street.

Section 11. Any police officer, in his discretion, or a member of the fire department in the discharge of his duty, may remove any horse or horses, vehicle or vehicles, left upon any public way not in the apparent charge of any driver or other person, or in violation of any provision of this title, or of any rule or regulation made under authority thereof, to another place on such public way; or from such public way to some other public way; or to a public stable or garage for safe keeping at the expense of the owner.

Section 12. The board of mayor and aldermen may make special rules or regulations as to the use of vehicles upon particular public ways, except as to speed, but no such special rule or regulation shall be effective unless it shall have been

published once in a daily newspaper published in the city, nor unless notice of the same is posted conspicuously at points where any way affected thereby joins other ways.

Amend Chapter 18, Revised Ordinances, 1924 by striking out Section 1, Article 7, and inserting in place thereof the following new section:

Section 1. Any person convicted of a violation of any provision of this title, or of any rule or regulation made under authority thereof, shall be fined not more than twenty-five dollars for the first offence, and not more than one hundred dollars for any subsequent offence committed during any calendar year.

This ordinance shall take effect on its publication.

AN ORDINANCE regulating carriages, cabs, etc.

Be it ordained by the City Councils of the City of Keene, as follows:

Section 1. No person or persons shall set up, employ or use any cab, or other vehicle for the conveyance of passengers, for hire, from place to place, within the city limits without a license from the board of mayor and aldermen; and, the board of mayor and aldermen, may from time to time, at its discretion, grant licenses upon such terms and to such persons as it may deem expedient, which license may be revoked at any time for any violation of the provisions of this ordinance; and a record of such licenses shall be kept by the city clerk and chief of police.

Sect. 2. Every carriage licensed as aforesaid shall be conspicuously marked as a public carriage, and the name of the owner, and the rates of fare duly established, shall be conspicuously posted on a printed card in every such carriage. This section shall not apply to vehicles at funerals, weddings, or public parades.

Sect. 3. No license shall be sold, transferred, or assigned, without the consent of the board of mayor and aldermen, and no carriage shall be driven by a minor under the age of eighteen years, unless he be specially licensed by the board of mayor and aldermen.

Sect. 4. No license granted as aforesaid shall apply to any carriage, owner, or driver, except the particular one designated therein by its number, or otherwise made certain.

Sect. 5. No owner, driver, or other person having charge of any public vehicle for the conveyance of passengers, licensed as aforesaid, shall demand or receive a higher rate of fare than that so posted in said vehicle; and every such license shall expire on the first day of July next after the date thereof, unless previously revoked.

Sect. 6. Every person licensed agreeably to the provisions of this ordinance shall annually pay for said license the sum of two dollars. Every owner of carriages licensed as aforesaid shall be responsible for the acts of the driver thereof.

Sect. 7. No person or persons shall set up, employ, or use any job team, wagon, or other vehicle for the conveyance of goods, wares, merchandise or other personal property, for hire, from place to place within the limits of the city without first obtaining for each vehicle so used, a license from the board of mayor and aldermen, who shall grant such license upon application, under such restrictions and regulations as it may prescribe, and it shall assign to each vehicle so licensed a number, and a record of such licenses shall be kept by the city clerk and chief of police. Every person obtaining such a license shall annually pay therefor the sum of two dollars and fifty cents for each such vehicle owned by him, for the use of the city. Such license may be revoked at any time for any violation of the provisions of this section by the board of mayor and aldermen. Every wagon or other vehicle so licensed shall be conspicuously marked with the number assigned to it by the board of mayor and aldermen, and the name of the owner shall be plainly displayed on the wagon or other vehicle.

Sect. 8. Any person who shall violate any of the provisions of this chapter shall be fined not exceeding ten dollars.

Passed June 19, 1930.

City Treasurer,
Keene, New Hampshire.

FRANK A. WRIGHT ESTATE M 1905

Dear Sir:

Under the will of Frank A. Wright, late of 214 Court Street, Keene, New Hampshire, Article Seventh provides for a legacy to the City of Keene in the sum of $50,000, the same to be held in trust and safely invested, and known as the Frank A. Wright Scholarship Fund. The income only therefrom to be used, as follows:

"a. Eighty per cent of the annual income shall be used to provide a college education at some college in good standing for some poor and worthy Keene boy who is a scholar in the Keene High School. Said boy is to be recommended by the Principal of the Keene High School and when such recommendation is approved by the Board of Education of the Union School District, or its successors, then such boy shall be entitled to a sufficient part or the whole of the income of said funds if necessary to provide him with all necessary expenses of a college education. Such boy chosen is to have the privilege of selecting the college at which he is to receive his education. I wish such boy chosen to have sufficient money to enable him to do his work in college to the best advantage. I do not wish him to be obliged to do outside work while in college in order to support himself but have from this fund a sufficient amount to enable him to live and dress as the average boy in such college

lives and dresses. In choosing the boy I direct that his scholastic standing shall not be the sole test but I wish his general all round qualifications be considered.

If the income shall be larger than that required for the education of one such boy at college, the surplus income may be allowed to accumulate until there is enough to take two or more such boys through college.

b. The remaining twenty per cent of the income of said fund shall be allowed to accumulate and be added to the principal in order that the fund may not diminish in size but shall steadily increase."

For Federal estate tax purposes it is necessary that we be provided with a letter of acceptance of the above legacy. You will find enclosed our usual form of acceptance in quadruplicate. We should be pleased to have you execute this form, retaining one copy for your files and forwarding the other three to us.

The Federal Revenue Agent in charge informs us that we should also be furnished with a vote of acceptance by the City Council.

Will you kindly arrange to obtain the necessary papers and forward them to us at your early convenience.

Very truly yours,
H. B. DRIVER,
Trust Officer.

A JOINT RESOLUTION relating to the Frank A. Wright Scholarship Fund.

Resolved by the City Councils of the City of Keene, as follows:

Whereas, the City of Keene has been notified by the Old Colony Trust Company, that under the will of Frank A. Wright, late of 214 Court Street, Keene, New Hampshire, Article Seventh provides for a legacy to the City of Keene in the

sum of $50,000, the same to be held in trust and safely invested, and known as the Frank A. Wright Scholarship Fund, as set forth in the terms of said bequest in said notice, signed by H. B. Driver, Trust Officer.

Now therefore, be it Resolved, that the City of Keene by its councils, hereby accepts said bequest in accordance with the provisions of Article Seven of the will of Frank A. Wright.

The City Clerk shall receipt for said fund which shall be invested by the Trustees of Trust Funds according to law.

The City Treasurer shall execute and deliver a letter of acceptance for the Federal estate tax purposes in the form required by the Federal Revenue Agent.

Resolved by the City Councils of the City of Keene, as follows:

That the Joint Standing Committee on Water Works, Sewer and Drains be and hereby is authorized and directed to build or to have built a concrete dam at the west end of Dakin Meadow in accordance with the survey made by Harry B. O'Neil and to undertake all such other work as may be necessary to the construction of a water reservoir at this point, work to be temporarily financed out of current funds with the proviso that the total cost be permanently financed by means of bonds, the issuance of which is to be authorized before the close of the year 1930.

Passed Nov. 10, 1930.

A JOINT RESOLUTION relating to water and sewer mains.

Resolved by the City Councils of the City of Keene, as follows:

That a water main be laid in a proposed street one hundred feet from Main Street at an estimated cost of $180.00 and a sewer main laid in said proposed street at an estimated cost of $101.00 on condition that a right of way be given and a guarantee of 5% shall be paid annually at least upon the cost of said water extension.

Passed Nov. 20, 1930.

A JOINT RESOLUTION relating to appropriations.

Resolved by the City Councils of the City of Keene, as follows:

That in addition to sums heretofore appropriated the further sums be appropriated for:

Ordinary City Charges,	$7,500.00
City dependents,	2,000.00
Forestry,	530.61
Oil and Tar Treatment,	80.55
Electric lights,	2,559.52

Passed Nov. 20, 1930.

Office, City Hall, Telephone call, 1053

Assistant Superintendent, John A. Denison
Residence, Warren Block, Telephone call, 1746-M

ITEMS OF INTEREST

The Keene Water Works were established and have been extended from time to time by authority of a charter from the legislature of New Hampshire, granted July 3, 1861, and amendments thereto dated June 24, 1868.

The first contract was made with the Patent Water and Gas Pipe Co., of New Jersey, September 3, 1868.

Water was let into the system November, 1869.

1872.

Beech Hill reservoir was built and connected with the system.

1882.

The Waring system of sewers was adopted and turned over to the city in 1883.

1886.

The Roxbury supply was brought into the city via Beech Hill.

1890.

The first meters were installed.

1891.

Ten and one-half miles of cement lined pipe were replaced with cast iron. There remains in service (1930) 400 feet in Roxbury Street.

1900.

Water was pumped from the Ashuelot River.

1902.

Additional water from Roxbury was brought into the city via South Keene.

1908.

The Board of Water Commissioners was abolished by the City Councils.

1910.

The dam at Echo Lake was rebuilt, raising the water in the lake six feet.

1914.

The meter system was adopted and all services ordered metered.

1917.

Guards maintained at Echo Lake for three months.

1920.

Wood and lumber cut and sold on water shed at Echo Lake.

1924.

By vote of the City Councils two filters and a storage reservoir were authorized. One filter and reservoir on Beech Hill and one filter at the stone dam.

1925.

The Beech Hill filter and reservoir was completed and water turned into City October 7, increasing the pressure about twenty-five pounds.

An Altitude Valve was placed in the Court Street main thereby eliminating all waste and reducing the pressure in the old cement lined pipe.

The stone dam filter was completed and water turned on December 9th.

1927.

The 12 inch main pipe from the Stone dam to Eastern Avenue was cleaned, about 14,500 ft. and 3,000 ft. of 8 inch, increasing the capacity 700,000 to 800,000 gals. daily.

1928.

1,300 tons of sand was placed in the Stone dam and Beech Hill Filters.

1929.

Copper tubing adopted for service pipe. The old Beech Hill reservoir turned over to the city to be used for a public swimming pool.

1930.

The cement lined pipe in the East Surry Road was replaced with cast iron pipe. There remains in service 400 ft. of 12 inch cement lined pipe in Roxbury St.

November 10—A Joint Resolution relating to a Water Reservoir. That the Joint Standing Committee on Water Works, Sewers and Drains be and hereby is authorized and directed to build or to have built a concrete dam at the west end of Dakin Meadow in accordance with the survey made by Harry B. O'Neil and to undertake all such other work as may be necessary to the construction of the water reservoir at this point, work to be temporarily financed out of current funds with the proviso that the total cost be permanently financed by means of bonds, the issuance of which is to be authorized before the close of the year 1930.

Pipe drains, 151,821 ft., equals 28 miles, 3,981 ft.
Stone drains, 710 ft.
Open drains 17,195 ft., equals 3 miles, 1,355 ft.

A much needed addition to the water system was authorized Nov. 10, 1930.

A new dam near the Dakin Road to be about 25 ft. high and about 300 ft. long which will flood fifty acres more or less, and when completed will hold about 150,000,000 gallons of water.

New sand will have to be put in the filters the coming year.

I recommend that the pipe be cleaned in several streets.

No large amount of work will have to be done the coming season in the Water Department, except the new dam.

Owing to the low water the sewers and drains have not been flushed as much as usual.

Respectfully submitted,
PAUL F. BABBIDGE,
Superintendent.

CHARLES S. WRIGHT,
City Messenger.

REPORT OF SUPERINTENDENT OF HIGHWAYS

To his honor the Mayor and Gentlemen of the City Councils:

I beg leave to submit the report of the highway department for the year ending December 1, 1930.

This year's money for cement road work was ordered to be expended on Island Street, Pearl Street from Island Street to Winchester Street Bridge, and St. James Street the entire length and width.

Island Street, and the east end of Pearl Street, a 20 foot wide concrete pavement was placed with the usual reinforcement, and expansion thus making a great improvement for the business on this street, and also a desirable connecting link between two main trunk line highways.

While this work was in progress an agreement was reached between the Aldermen and the State highway department, to cement a short part of Winchester Street, the State highway department to pay ½ thus completing the triangle at that point, making a total of 5,933 square yards of pavement in this section.

Owing to the various changes made advisable by the new buildings adjacent to St. James Street, the City ordered all wires to be placed under ground, curbing was built on West side the length of the street, and on the East side curbing was built from West Street to Lamson, a cement pavement was constructed from curb to curb, the entire length of the street and later cement walks were built on both sides.

There were 980 square yards of pavement laid in the roadway on St. James Street, and this added to the 5,933 square yards makes a total 6,913 square yards of pavement this year,

the total cost being $15,054.80—$957.35 was paid by State for ½ the expense on Winchester street.

RUBBISH COLLECTIONS

The Department has made two general collections of rubbish, one in May and one in October, at total cost of $558.13.

SHADE TREES

As one of the beauties of the City of Keene are its quantities of trees on either side of our streets, it would seem advisable to make the appropriations large enough so that proper care, and attention might be given to this very important matter, as it becomes necessary each year to remove several trees, and there are times when insects infest our trees, it may be advisable to spray them the coming year. The matter of planting new trees is also to be considered.

CONCRETE SIDEWALKS

Each year petitions for Concrete walks become more numerous, and from 1,041 sq. yds. laid in 1925, the amount has risen to 5,620 sq. yds. this year which is considerably more yardage then the concrete paving of Washington St. in 1925 between Central Sq. and Mechanic.

This year's construction of walks being distributed on the following Streets: Blake, Brook, Butler Ct., Central Sq., Gilsum, Lamson, Main, Marlboro, Monadnock, Monadnock Ct., Roxbury, School, South Lincoln, St. James, West, Wilson, Wilder, Washington, Washington Ave. for a total of 1¾ miles.

Petitions already received for walks to be constructed in 1931 exceed this year's total yardage, and are on the following streets. Butler Ct., West side, Winchester Southerly, Church South side, Wells to Beaver brook, Gilsum West side southerly from North St., Madison west side southerly from Winchester, Park Ave., southwesterly side from West to Arch St., Spring St., north side from Washington to Beaver brook.

If the city's policy of building all walks as petitioned for is continued, a greater appropriation of money for this work becomes necessary.

I recommend consideration of removing tracks of Keene Electric Railway from Main Street from Boston & Maine Railroad tracks to the corner of West to eliminate the rough and uneven conditions where Main Street cross walks cross the car tracks.

Superintendent of Highways.

REPORT OF PARK COMMISSIONER

To the Honorable Mayor and City Councils:—

The report of this department for the past year covers principally the considerable development of Fuller Park in accordance with plans made some time ago. The complete lower portion has been enclosed by a hedge, 1,250 barberry bushes being used, and this fall elm trees have also been planted about the outside. Walks of crushed stone have been laid out and several hundred bulbs planted along the walks. It is hoped that, during the coming year, the appropriation will permit the completion of this section by the planting of evergreens, flowering and other shrubs and the placing of seats. Much favorable comment over the improved appearance and a larger use of the park has already resulted.

Another project toward Highway Beautification has been in the removal of unsightly bushes from the triangle at Winchester and Pearl Streets and grading, filling and seeding this plot. It is recommended that some low planting be done to make this a still more attractive spot at an important approach to the city. Through the co-operation of the Highway Department, a considerable amount of filling has been done at Ashuelot Park, the one acre tract adjacent to the triangle, and much trimming done. An opportunity to make a beautiful and restful park, the only one in this section, is presented here and it is hoped that more work can be done here during the coming year, although a large amount of filling is still necessary.

The continued larger use of Wheelock Park and necessary repairs have required a larger appropriation than usual here. The pavillion should be painted during the coming year.

Some clearing has been done in Robin Hood Forest, the Children's Wood, Drummer Pasture and the Dinsmoor Woods without expense to the city and this fall the Yale Forestry School has made its five year thinning on a portion of the Faulkner and Colony Woods. This wood has been sold although the receipts will not appear until the next report.

It is hoped, in view of the increased interest in Highway Beautification throughout the state that an increased appropriation can be made for the coming year and I would recommend the sum of $1,500 instead of the customary $1,000.

The increased interest in tennis throughout the city during the year and the lack of public courts prompts the suggestion that the proposed courts at Fuller Park be constructed the coming spring. The character of the soil and the level surface makes it an ideal and economical place and it is therefore recommended that a special appropriation of $1,000 be made for this purpose.

The distribution of the principal expenditures has been as follows:

Wheelock Park,	$387 00
Fuller Park,	1,044 33
Ashuelot Park and Triangle,	189 00

Respectfully submitted,

ROBERT T. KINGSBURY,

Park Commissioner.

REPORT OF THE BOARD OF HEALTH

To His Honor the Mayor and Gentlemen of the City Councils:

We hereby submit the annual report of the Board of Health, together with the report of the Health Officer for the year ending December 1, 1930, and we are pleased to note that the Health Officer's report shows that there has been the least number of contagious diseases reported, and the lowest death rate that we have had for several years.

We refer you to the Health Officer's report for a detailed account of the work accomplished in this department.

REPORT OF HEALTH OFFICER

To the Board of Health:

Dear Sirs:—It is with a great deal of pleasure that I submit the annual report for 1930, for this has surely been a very healthy year so far as deaths, and contagious disease are concerned. There has been the lowest number of contagious diseases reported, and the lowest death rate that there has been in the nine years that I have been Health Officer.

In 1929 there were 411 cases reported, with 32 deaths, while in 1930 there were only 72 cases reported, with 16 deaths, the largest decrease being from pneumonia. In 1929 there were 25 deaths from pneumonia, and only 14 in 1930.

There have been three cases of typhoid fever, all in one family, with no deaths, the infection originated outside the City.

COMMUNICABLE DISEASES REPORTED

Chicken pox,	11
Diphtheria,	5
Gonococus infections,	6
Influenza,	3
Measles,	4
Mumps,	2
Scarlet fever,	12
Syphilis,	4
Tuberculosis,	13
Whooping cough,	9
Typhoid fever,	3
Total,	72

DEATHS FROM COMMUNICABLE DISEASES

Influenza,	1
Pneumonia,	14
Tuberculosis,	1
Deaths from all other causes,	161
Total deaths,	177

Death rate per 1,000—12.9

FOOD INSPECTIONS

I have inspected a great many times all restaurants, eating houses, road stands, and stores that handle food stuffs and have found them in most cases complying with the pure food law, and I think that Keene will be far above the average in the State inspector's report for 1930.

GARBAGE COLLECTION

The garbage collection is still working out very satisfactorily, with but few complaints, some were on account of the collectors forgetting them, and others on account of people going away and not letting the collector know when they got back, people should let the collector know when they go away and when they get back, it saves both a lot of trouble.

MILK SUPPLY

During the year I have issued one hundred and twenty-two licenses to producers and dealers, and fifty-eight to stores, refused several and revoked one. There has been a larger supply of milk coming into the city this year than there was last year, so that the dealers had very little trouble in getting milk drawn from tuberculin tested cows this year.

In closing I wish to acknowledge the support and co-operation of the Board of Health, and the increasing interest taken in the work of this department, by the medical profession,

school physician, district, tuberculosis, school nurses, and the public in general.

Respectfully submitted,

FRED C. NIMS,

Health Officer.

Water tests made,	41

NATURE OF PLUMBING INSTALLED

Plumbing installed in new buildings,	43
New work in old buildings,	4
Alterations and additions,	3

FIXTURES INSTALLED

Closets,	69
Sinks,	59
Bowls,	72
Baths,	48
Trays,	6

During the year I have ordered the discontinuance of several dry toilets, and the houses have been connected with the public sewer or septic tanks.

Respectfully submitted,
FRED C. NIMS,
Inspector of Plumbing.

REPORT OF INSPECTOR OF BUILDING

To His Honor the Mayor and Board of Aldermen:

My annual report for the year of 1930 is hereby submitted. Building permits to the number of 249 have been issued for the following construction:

Residences,	55
Additions to residences,	17
Barns,	4
Garages, 4 cars,	1
Garages, 3 cars,	3
Garages, 2 cars,	27
Garages, 1 car,	41
Porches and repairs,	71
Storehouses,	7
Road stands,	8
Overnight cabins,	14
Greenhouse,	1

An addition has been built on the north side of Franklin school and the house formerly on this site removed to No. 39 Page St.

A new brick store has been built on Main Street, north of Cypress Street and the residence on Main Street at Emerald Street has been removed, a modern filling station occupying this land.

The Ellis Hotel block has been remodelled and a new store added on the north side. The completion of the Sentinel Printing Co., building and two storehouses greatly improve the appearance of St. James street.

A modern boiler house and chimney have been erected at the Faulkner and Colony Plant.

Two new bulk stations for handling of petroleum products have been built, one at Joslin Station and one on Water Street.

The Normal School Library on Main Street is completed and in use.

The Impervious Package Co. building on Mechanic Street has been remodelled into a modern garage and salesroom. Several other buildings have been repaired and enlarged.

Many streets of the city are not properly marked by boundary stones, all streets should be so marked to enable the owner or builder to lay out buildings to conform to the zoning laws.

Unmarked streets should be resurveyed according to the records where possible, and if no definite records exist the lines should be surveyed, and established by the city councils. Plans showing all such boundary posts should be drawn and placed on file in the city engineer's office so that it is available to any person.

Fifty-two new house numbers have been given out this year.

Respectfully submitted,

RALPH H. CLARK,
Inspector of Building.

REPORT OF TRUSTEES OF KEENE PUBLIC LIBRARY

To the Honorable Mayor and City Councils:

Gentlemen:—The Trustees of the Keene Public Library submit the following report:

The constantly increasing work and the demands made upon the library staff have been met with apparent ease and greatly to the satisfaction of the Trustees.

There have been several unexpected changes in the position of assistant and Children's Librarian the past year, but the work, which has been so well organized by our most capable librarian, has in spite of this gone on smoothly. Miss Bernice Wilson was granted a leave of several weeks absence during the summer to take a course in library work at Simmons College summer school and Miss Marjorie Clark acted as substitute. Early in the autumn Miss Wilson received a call to a position elsewhere with a larger salary and Miss Grace Battersby was engaged as substitute. In November Mrs. Frederick C. Stearns was elected to the position of assistant and children's librarian. She began her duties November 28. Work has been so heavy that pages have been employed during the rush hours.

Early in the year Mrs. Bishop received an offer of the position of Librarian at the Exeter Public Library and the Trustees feeling she was a valuable member of the staff increased her salary in order to keep her here.

Owing to Mr. Locke's illness a substitute has been attending to his duties in a very satisfactory manner. A suction cleaner has been purchased to facilitate the work especially in caring for the books.

To assist in carrying out the movement for beautification of the city, shrubs have been planted on the library grounds. As the appropriation did not meet the request of the Trustees the much needed repairs were not made the past year and the library building is more than ever in need of attention and repairs.

In June Miss Saxton was sent to the meetings of the State Library Associations of New York, New Jersey and New England at Swampscott. She brought back an interesting report of the meetings with new inspirations and helpful suggestions in the modern methods of library work.

The Children's Book Week was made especially noticeable this year. The Trustees, with the co-operation of the Union School district and the Keene Normal School were able to secure Mr. John Cronan of the Boston Public Library, who holds a unique position as an able teller of stories, to talk to the children of Junior High grades in Library Hall, members of the board attended the story hours and felt the stimulating influence equally with the young people.

Your attention is called to the noticeable growth and interest in the use of the Library and you will find the statistics and an interesting account in the librarian's report herewith appended.

MARY A. A. PRENTISS,
Secretary.

Dec. 4, 1930.

REPORT OF LIBRARIAN

The report for the year 1929-1930 is herewith presented.

The popular slogan "Use your public library" seems to have been followed by the people of Keene for a number of years, as there has been an increase in circulation since 1910 of nearly 54,000. The gain this year has been 3,773. This means more work in all departments from repairing and binding to selecting and ordering new books, giving them out and taking them in from borrowers. At the present time the shelves of recent fiction are frequently nearly empty and as a great many in the city are having more time than usual at their disposal, we shall need to provide for that condition; and as our funds have been entirely used, it would seem necessary to petition for an increased appropriation.

In spite of a change of assistant and two substitutes, in addition to the work of a busy year, the re-classification of the biography section has been practically completed. The re-registration of borrowers which is made every six years was started in September. In order to accomplish all this, we have had some extra hours' work by the part-time assistant and the page, and more will be needed during the winter.

The Vacation Reading for the children in the summer included the selection and printing of two lists of books for various ages, and typing sets of questions to be answered from time to time. A very good number enjoyed the reading. Book Week was celebrated by the usual displays of books grouped by subject or age and attracted many visitors. The Bookshelf for Boys and Girls—a booklet of 65 pages—specially prepared for the week was given to those who are interested in books for young people and it will serve for suggestions for Christmas gifts and a year-round reading guide. The noteworthy feature of the week was the bringing of Mr. John Cronan of

Boston here to tell stories to the young folk of the Junior High schools. Mr. Cronan is an accomplished story-teller and by this means is teaching literature and making attractive some of the finest and most delightful things in both old and new books. Judging from the demand for certain books since his coming, we must call the venture a success. It was brought about by co-operation with the Union School District and the Keene Normal School. The Franklin and Symonds schools met in the library hall and the Central Junior High in its own assembly room. This was Mr. Cronan's first story-hour in New Hampshire, although he has been giving them around Boston for a number of years.

The library made a contribution to the model home arranged by the Woman's Club, in the selection of a library of moderate price for an average family, with some of the latest books and magazines for week-end reading. The library has been represented at two neighborhood meetings and at the conference of librarians of the Eastern States at Swampscott. Two talks have been given by the librarian at Parent-Teacher Association meetings, one at a school and one before another group on how to use the library, under the title: "A day in the library". The lessons with the Junior High pupils have been begun again this fall and will be continued after Christmas.

The erection of a flag-pole and the planting of shrubbery will make our grounds much more attractive next summer and already we have received much favorable comment on the additions.

There are needed repairs on the stackroom which will become imperative soon and minor ones which will be brought to the attention of the Administration Committee.

Following are the statistics and cash account.

Respectfully submitted,
MARY LUCINA SAXTON,
Librarian.

REPORT OF CITY SOLICITOR

To His Honor the Mayor, and Members of the City Councils:

Your City Solicitor reports activities for the year as follows:

At the beginning of the year there were pending against the City of Keene no less than seventeen suits. The plaintiffs in these various actions are listed below, together with the dates on which the suits were brought.

Demeterius Latchis,	Nov. 30, 1926
Harry F. Mason,	April 25, 1927
Demetrius Latchis,	Aug. 31, 1927
Demetrius Latchis,	Nov. 29, 1927
American Land Company,	Sept. 22, 1928
Demetrius Latchis,	Dec. 21, 1928
Faulkner & Colony Mfg. Company,	Dec. 28, 1928
Guy N. Poulos,	Jan. 28, 1929
Helene and Anna Bardis,	June 19, 1929
Estate of John C. Faulkner,	Aug. 24, 1929
W. P. Chamberlain Company,	Nov. 30, 1929
Demetrius Latchis,	Nov. 30, 1929
Herman Claywood,	Dec. 7, 1929
J. J. Newberry Company,	Dec. 13, 1929
Alice H. Ellis, et al,	Dec. 13, 1929
Bertha H. Mason,	Dec. 18, 1929
Faulkner & Colony Mfg. Company,	Dec. 19, 1929

The first of these suits to come up for hearing was that of the John C. Faulkner Estate. The gist of this action is given in the report of your City Solicitor for 1929. The cause was heard at Keene on February 26, 1930, before Judge Scammon of the Superior Court. On July 15, 1930, Judge Scam-

mon handed down a decree in favor of the plaintiff in the following words:

"The Court finds that the proposed storage and keeping for sale were in buildings specially adapted therefore, and that the premises were to be maintained in such a way as to effectually prevent the over-flow beyond the premises where it was kept, and that no portion of said premises were to be occupied as a dwelling and that the entire contemplated construction and maintenance were in compliance with the conditions described by Sections 29 and 30 of Chapter 162, and that the presentation of said petition to the Mayor and Board of Aldermen was not required, and the action of the Mayor and Board of Aldermen in rejecting said petition was a nullity."

The Court further found that the use which the plaintiff proposed to make of its land in the single residence district is not inconsistent with the Zoning Ordinance. This is the second suit against the City of Keene involving the Zoning Ordinance and, as the case presents some questions of major importance, the City of Keene filed a bill of exceptions and the case has been transferred to the Supreme Court.

At the February Term, 1930, of the Superior Court the suit of Guy N. Poulos against the City of Keene, et al, was dismissed as to the City of Keene, thereby bringing this matter to a close as far as the City of Keene is concerned.

The next cause to be reached for hearing was that of the American Land Company. The various phases of this case are given quite fully in the reports of your City Solicitor for 1928 and 1929. From a unfavorable decree handed down by Judge Morris of the United States District Court for the District of New Hampshire, at Concord, the plaintiff appealed to the United States Circuit Court of Appeals for the First District, at Boston. The case was argued before Judges Anderson, Hale, and Wilson of the latter Court on April 17, 1930, and on June 4, 1930, a decision in favor of the City of Keene was handed down by Judges Wilson and Hale, there being a dissenting

opinion by Judge Anderson. As a result of this decree the American Land Company immediately brought suit against the City of Keene for fraud seeking $25,000 damages and filed a motion requesting that certain findings of Judge Morris in the first action be binding upon the City of Keene in this second suit. The City of Keene then plead that the findings of Judge Morris in the first action barred the American Land Company from bringing this second suit. The motion and plea came up for hearing before Judge Morris on September 16 and some time later Judge Morris ruled against both parties. The hearing of this case is set to begin on December 9, at Concord. DeWitt C. Howe, Esquire, of Manchester, who was associated with your City Solicitor in the trial of the first suit of the American Land Company has withdrawn on account of illness and Robert W. Upton, Esquire, of Concord, is to be associated with your City Solicitor in the new action.

Eleven of the seventeen suits listed above are petitions for abatement of taxes, involving the appraised valuation of $1,476,800 or close to 7% of the total of $21,919,020 of assessed valuation in the entire city. Of these, the suit of Bertha H. Mason was withdrawn early in the year. The remaining ten suits, those of Demetrius Latchis, Faulkner & Colony Manufacturing Company, W. P. Chamberlain Company, J. J. Newberry Company, and Alice H. Ellis, et al, were referred for hearing by Judge Scammon of the Superior Court to Judge John A. Spring and Edgar C. Hirst, Esquire, of the State Tax Commission.

In the suits of J. J. Newberry Company and Alice H. Ellis, et al, the City of Keene raised the question of the plaintiff's compliance with the statute before suit and a hearing was held on this question before the Referees at the office of the State Tax Commission, at Concord, on May 27. The Referees held that the plaintiffs had complied with the statute and the cases were in order for trial.

Shortly before the day set for the beginning of hearings in these tax cases the suit of W. P. Chamberlain Company was adjusted, leaving nine suits on which hearings began on July 21 and continued through July 22, 23, 24, 29, 30, 31, August 1, 4, 5, 6, and September 2.

Written arguments in these cases are now being prepared for submission to the Referees and opposing counsel. After counsel have had time to study the written arguments the causes are to come up for oral argument, after which the cases will be in the hands of the Referees for their reports. Final judgment cannot be expected in these cases until well into the next year. In all of these tax suits your City Solicitor has associated with him John R. McLane, Esquire, of Manchester.

The suit of Helene and Anna Bardis involves a right of way over what is known as Eagle Court. This action was originally brought against the Robertson Motor Company, Incorporated, and on this defendant's motion the City of Keene and others were joined as parties defendant on June 19, 1929. Hearing on this case was had before Judge Oakes of the Superior Court on October 14 and 15. Written argument is now being prepared for submission to the Court and opposing counsel and final decree cannot be expected until some time next year.

This disposes, as far as disposition was possible this year, of fifteen of the seventeen suits pending against the City of Keene at the beginning of the year. The two remaining suits are those of Harry F. Mason and Herman Claywood. The gist of the Mason action is given in the report of your City Solicitor for 1927. In the Claywood action the plaintiff alleges that the City of Keene changed the grade of Washington Street and tore up and discontinued a drain north of the plaintiff's property, as a result of all of which the plaintiff alleges his property is flooded by surface water. Both of these cases probably can be disposed of during the coming year.

On May 17 the City of Keene filed a bill in equity against Harry Crocker as a result of the alleged violation by Crocker of a permit granted him by the Board of Adjustment to remodel into a two family dwelling the old Symonds school building. This case probably can be disposed of at the February Term of the Superior Court.

On June 7, 1930, the Boston & Maine Railroad Company filed a petition with the Public Service Commission for permission to replace, with a steel bridge, the wooden structure over which the Keene Branch crosses Eastern Avenue and to reduce the clearance between the highway and the lowest point of said bridge to less than twenty-one feet which is the minimum clearance prescribed by statute. This petition came up for hearing at the office of the Public Service Commission, at Concord, on June 23. The City of Keene opposed the making, at this crossing, of any permanent improvement that did not include the elimination of the extremely dangerous grade crossing at this point. As a result of the opposition of the City of Keene the hearing on the petition was continued indefinitely to give the City of Keene an opportunity to take such action as it desired. Your City Solicitor was authorized to engage John W. Storrs, Esquire, of Concord, as engineer to work out and present the most practical and economical plan for the elimination of this grade crossing. Mr. Storrs has completed his survey and a resolution is now before the City Councils ordering the Boston & Maine Railroad Company to either elevate or lower the highway on Eastern Avenue where it crosses the railroad at grade. The replacing of the wooden structure with a steel bridge interfering in no way with the elimination of the grade crossing the City of Keene on November 7 withdrew its opposition to the railroad's petition and on November 25 the Public Service Commission granted the Boston & Maine Railroad Company the right to make the replacement. In this matter Robert W. Upton, Esquire, of Concord, is associated with your City Solicitor.

All criminal complaints falling within the jurisdiction of your City Solicitor were prosecuted in the Municipal Court and resulted in either pleas of guilty or nolo or conviction after trial.

Your City Solicitor has effected the collection of $1,191.49 in claims due the City of Keene and this money is in the hands of the various departments.

In addition to the above matters your City Solicitor has advised the officers of the city government as to the law, giving a written legal opinion on the more important matters, and appeared before the City Councils whenever requested.

One cannot serve the City as its Solicitor, even for one short year, without having brought to his attention some matters possibly affording opportunity for improvement in the administration of the business of the municipality, and, although there seems to be no precedent for so doing, your City Solicitor ventures to make the following recommendations.

These suggestions are the outgrowth of the many conferences your City Solicitor has had during the past year with His Honor the Mayor, Members of the City Councils, department heads and employees, regarding the administration of the municipal business and all credit for these recommendations belong to those worthy public servants whose keen interest in better government has brought forth the following thoughts, your City Solicitor being but the vehicle for their expression.

1. Your Tax Assessors are each year faced with the stupendous task of justly appraising for taxation close to Nineteen Million Dollars of land, buildings, mills and machinery. These officers now are provided with practically nothing in the way of land surveys and other recorded information necessary for a scientifically accurate appraisal. The defense of tax abatement suits is extremely costly and it would seem wise to appropriate sufficient money to collect, record and maintain such information as the experience of your Tax Assessors indicates

is necessary for the best performance of the duties of their office.

2. There would seem to be need for revision of the Zoning Ordinance to require all new land developments within the city limits to meet certain specifications as to the laying out of streets, in order to permit the provision of water, sewer and drains in the most practical manner and with a minimum of cost.

3. Your City Solicitor understands that the location of many street lines is unknown to the City Engineer. There seems to be immediate need for establishing these lines, at least in the Single Residence and General Residence Districts where the Zoning Ordinance requires that buildings be erected a prescribed distance from the street lines. Rigid enforcement of the Zoning Ordinance in this regard is not possible until these street lines are established.

4. A need has been felt for the revision of the Ordinance relative to the issuance of building permits and the inspection of buildings in the course of construction in order to secure a maximum of compliance with the Zoning Ordinance and the Building Code.

5. The supervision of highways being vested by both the Statute and the Ordinance in the Mayor and Board of Aldermen there seems to be little or no need for a Joint Standing Committee on Highways and it is recommended that this committee be abolished.

7. Many other worthy suggestions could be made, the most important of which is that there be a recompilation of the City Ordinances as much important legislation, including the Zoning Ordinance and the Building Code, has been enacted since the last revision of the ordinance in 1924, but the foregoing suggestions perhaps will suffice.

With the increase in litigation and regulatory legislation the office of City Solicitor has taken on added importance and your City Solicitor recommends the purchase of a suitable file

for the records of this office so that these valuable documents of the City may be suitably filed for safe keeping and future reference.

Respectfully submitted,

HENRY C. ARWE,

City Solicitor.

Respectfully submitted,
BESSIE H. WHITE,
Superintendent.

REPORT OF COMMITTEE ON PUBLIC PLAYGROUNDS

To the City Councils:

We hereby submit our annual report of the Playground Committee for the Year 1930.

The activities of this year's season and their success have been far greater than those of any previous year.

Enthusiasm and cooperation of your Board and the Citizens at large have made this Civic-problem an outstanding asset to the City of Keene.

Playgrounds have come to stay, educational leaders, teachers and parents are realizing the truthfulness of Schiller's words written many years ago, that "Man plays only where he is a human being in the fullest sense of the word, and he has reached full humanity only when he plays. This proposition will acquire great and deep significance when we shall learn to refer it to the doubly serious ideas of duty and destiny. It will then sustain the entire superstructure of aesthetic art and of the yet more difficult art of life."

Keene has in Wheelock Park the most attractive Playground in all New England. Its natural beauty is beyond description. Wheelock Park fosters the health of the children as far as Nature can supply it, but it remains for your Committee to submit a few improvements, which would make Keene's Playground an ideal one. The most important and vital one is the toilets now in use. They date too far back; flies from houses of this kind do not respect our zoning laws, hence they are the common carrier of deadly diseases. We cannot be too careful in guarding against anything, which attacks health.

The Playground Committee, in whom you place the great responsibility, to wit:—the health of your children, deems it their duty to ask that new and up-to-date toilets be installed before another season opens.

The result of installing the aforesaid toilets will be threefold. First the removal of the old toilets, second a Wading Pool and third Fire protection to Wheelock Park.

A public spirited citizen and friend of the children is ready to install such a pool free of charge to the City, should it meet with your approval and that of the State Board of Health.

Another friend has placed in the hands of the chairman, the sum of twenty-five dollars towards the erection of a cement shuffle-board; still another has given generously for free treats for the children at our special fetes.

All of which goes to prove, that our citizens are interested in that which is being accomplished through our playground.

We hereby attach the report of our Playground director and hope that you will believe as we do, that the returns of your investment are worth while.

ADOLF W. PRESSLER,
Chairman Playground Committee.

REPORT OF CITY PLAYGROUND DIRECTOR

To A. W. Pressler, Chairman Playground Committee:

The playground program for the city was carried out this season at both Wheelock and Robin Hood Parks, the latter serving for swimming purposes. The former was open from July 7 to August 29, and very few rainy days hindered the activities planned. The municipal pool at Robin Hood was open from July 7 to August 22, closing a week earlier than Wheelock Park, because of a large decrease in attendance.

This season was planned by the committee and instructors to be an unrivalled year. To reach this goal, several additions and revisions of plans, personnel and equipment were effected. Buses not only transported the children from Central Square to the Park and return, but transported them from any point from within the city. Consequently, more children were enabled to attend.

A new "Ocean Wave" or giant swing was erected which was capable of comfortably accommodating forty children at a time. See saw boards were renewed, settees and other playthings were given new paint in attractive colors. A fine sixteen foot slide was also installed this season. Both of these pieces of apparatus were beneficial to the children, were extremely appreciated by the instructors, children and public, and are useful assets for the future. These additions in equipment greatly facilitated the accommodation of more children, as well as attracted more of them.

Furthermore, several large events were arranged to stimulate a greater interest among the children and the general public, parents especially.

The first of these, the "Doll Festival" was a colorful and very attractive affair which received much favorable comment

in Keene and elsewhere. Nearly one hundred girls participated and there were many beautiful dolls and decorated conveyances. Suitable prizes were awarded to all entrants by the judges. Over six hundred people witnessed the affair.

The second grand affair of the season was the "Fete of Joy", which was in connection with the teaching of and love for pets of all types. Pets were on exhibition from ten a. m., that day, and consisted of dogs, cats, poultry, mice, crows, calves, horses, waterfowl, insects, etc. In the afternoon a huge parade was staged, in which the pets were led, driven or carried in the children's arms and highly decorated cages and carts. Over three hundred children took part in this gay affair, all costumed in some manner. The popularity of the event was manifested by the attendance of over two thousand people. Mr. Latchis took moving pictures of the event and prizes were awarded by Mayor Carey.

The third and final large event, the "Parents Frolic", was held on the last day of the season. Many parents enjoyed games in the afternoon, had picnic suppers among the beautiful pines, and witnessed a short playlette in the natural theater among the pines, which were brilliantly decorated by garden representations and many Japanese lanterns.

Such response was made to the various activities that the attendance reached the unprecedented total of twelve thousand nine hundred fifty (12,950) children at Wheelock Park this season, thereby nearly doubling any previous record, and showing how much the city of Keene may do for the recreation of its children.

A constructive program was followed at the municipal pool, which was supervised by Mr. Huckins, Mr. Greene and Miss Carey. A one and a half hour period was devoted daily to swimming instruction, life saving work and safety precautions. Strict discipline was adhered to at all times, and a whistle system instituted. Rules and regulations for the pool were rigidly enforced. Consequently, no accidents occurred,

except one which was caused by a physical defect of a serious nature, and proved fatal. Over fifty boys and girls qualified in the Red Cross Beginner's Test, and twenty-five passed the Swimmer's Test. The non-swimmers were confined to a roped area, and a rope was stretched across the pool to aid tired swimmers going to and from the shore and raft. No boats were allowed to be used during the instruction period, except to patrol for accidents. The total attendance for the seven weeks was five thousand one hundred six (5,106), bringing the total attendance for the season of both Wheelock Park and the municipal pool to eighteen thousand fifty six (18,056) children, and showing a daily average of four hundred eighty-eight (488).

Never before has the city cared for the recreation for so vast a number of its future citizens. Not only do they have a good time, but they learn to respect other's rights, be fair, and to cooperate. The interest and backing of the parents and public was a great factor toward the fulfillment of a successful season and is highly necessary. Co-operation between the committee, instructors and public in general contributed largely to a record year.

The following were the staff this season: Mr. John H. Huckins, Director, Mr. Robert C. Greene, Ralph Huse, Miss Margaret Carey, Miss Mary L. Morey and Miss Doris Williams, the last giving her services fee gratis.

With a constructive program being underway and a beautiful setting at both Wheelock and Robin Hood Parks for the work, Keene should have as attractive and successful a recreational center as any city its size in New England.

Respectfully submitted,
JOHN H. HUCKINS,
Director of Playgrounds.

REPORT OF CHIEF ENGINEER FIRE DEPARTMENT

Keene, N. H., December 1, 1930.

To His Honor the Mayor and Board of Aldermen:

I hereby submit my report for the year ending November 30, 1930.

There were 24 bell alarms, 311 still alarms, making a total of 335 alarms, 14 of these calls were out of town.

The estimated value of buildings damaged by fire,	$647,900 00
Damage to buildings,	11,762 41
Insurance on said buildings,	383,350 00
Insurance paid,	11,762 41
Value of contents of said buildings,	33,500 00
Damage to contents,	14,712 94
Insurance on said contents,	29,100 00
Insurance paid,	14,712 94

The Department fire loses will not be half that of last year, but with the largest number of alarms the department has ever answered.

The department has on hand 9,200 feet of double jacket rubber lined fire hose and 1,500 feet of linen hose on hose reel at South Keene hose house.

During the year there has been turned over to the Highway Department 200 feet of hose for its road work.

The motor fire apparatus and its equipment including tools are in first class condition.

There has been added to the department a 750 gallon pumping engine. This pump is of the high pressure type, and will deliver its capacity at 150 pounds pump pressure instead of 120 pounds as is the minimum for capacity. This pump will

also on long lines of hose build up a pressure at the pump of more than 400 pounds, which is an important factor in overcoming the friction of fire hose, which is 21 lbs. to the 100 feet of hose when delivering at the nozzle 300 gallons per minute.

This pump was given the Underwriters test on August 20 at the Faulkner and Colony mill pond on West Street by F. S. Birtwhistle of the State Board of Underwriters and was pronounced O. K. in every way.

This test consists of two hours at capacity or 750 gallons at 120 pounds pressure, 30 minutes at half capacity or 375 gallons at 200 pounds pump pressure and 30 minutes at one third capacity of 250 gallons at 250 pounds pump pressure.

There has been installed on the Ladder Truck a new Three-Way Deluge Gun and an electric Siren. This makes all the apparatus equipped with electric Sirens.

The Fire Alarm System is in very good condition.

The circuits have been trimmed out this Autumn from twigs and small limbs which cause the circuits a certain amount of grounding. Also some labor has been done in replacing cross arms and pulling up slack wire to keep the system in proper shape.

The under-ground wire on No. 4 Circuit has been extended on West and St. James Street where the poles are to be removed.

There has been two new fire alarm boxes purchased and installed to replace two of the old boxes. They are Box 14 on Water Street corner Grove, and Box 16 on Main Street cor. Marlboro.

The replacement of the old boxes should be continued until all of the old boxes are changed.

RECOMMENDATIONS

The Board of Engineers recommend the purchase of 1,000 feet of fire hose.

Two fire alarm boxes for replacement of the old type.

Also that a fire alarm box be installed at the corner of West Street as there is no box on the west side of Square.

And that the 4 inch connected hydrant at the corner of the old Sentinel Building be replaced with at least a 6 inch connected hydrant.

To His Honor the Mayor, and members of the Joint Standing Committee on Fire Department, Members of the Board of Engineers, Officers and Members of the Department, and to the Public, I extend my sincere thanks and appreciation for the aid and support rendered me during the year.

REPORT OF SEALER OF WEIGHTS AND MEASURES

To the Honorable Board of Mayor and Aldermen:

I have tested and sealed the weights and measures that are in use in the City, and same are in a satisfactory condition.

About twenty new Gasoline Pumps have been installed during the past year. These and the increases in the number of stores, increases the work of the sealer each year.

EDWIN D. HAYWARD,
Sealer.

Keene, Dec. 4, 1930.

REPORT OF CITY AUDITOR

To His Honor the Mayor and Members of the City Councils:

I have examined the bonds, notes, deposit books, and other securities belonging to the City in the hands of the City Treasurer and the trustees of trust funds, and find the same correctly set forth in the proper schedules to be printed in the annual report.

I have also examined the books and vouchers of the several officers and find that their collections and deposits for the year ending November 30th, 1930, were as follows:

	Receipts	Deposits
Tax Collector,	$592,080 24	$592,080 24
City Clerk,	56,851 08	56,851 08

City Treasurer,	415,727 26	415,727 26
	$1,104,481 25	$1,104,481 25

I have also examined, verified and allowed all claims paid by the City during the fiscal year amounting to $1,152,914.99, and the disbursements as reported by the City Clerk agree with the entries made by the Auditor in his book.

Respectfully submitted,
WALTER M. HUBBARD,
City Auditor.

VITAL STATISTICS

To His Honor the Mayor and Gentlemen of the City Councils:

In compliance with an act of the legislature, passed June session, 1887, amended by the legislature of 1889, requiring "clerks of towns and cities to furnish a transcript of the record of births, marriages and deaths to the municipal officers for publication in the annual report," I herewith submit the following:

FRANK H. WHITCOMB,
City Clerk.
